*Counselling Psychology Quarterly* is an international interdisciplinary journal, reporting on practice, research and theory. The journal is particularly keen to encourage and publish papers which will be of immediate practical relevance to counselling, clinical, occupational and medical psychologists throughout the world. Original, independently refereed contributions will be included on practice, research and theory—and especially articles which integrate these three areas—from whatever methodological or theoretical standpoint. The journal will also include regular international peer review commentaries on major issues.

As well as original scholarly articles, case-studies and brief communications, the journal publishes reviews of books, audio-visual aids and software. It also includes a digest of relevant papers from other major journals.

**Editorial correspondence**, including manuscripts for submission (in the styles of either the British Psychological Society or American Psychological Association, and not exceeding 10,000 words) should be sent to the Editor: W. J. Alladin, Hull & East Riding Community Health, Department of Psychology, Westwood Hospital, Beverley HU17 8BU, UK; E-mail: [wjalladin@aol.com](mailto:wjalladin@aol.com), or to Professor E. Thomas Dowd, Department of Psychology, 118 Kent Hall, Kent State University, Kent, Ohio 44242, USA. Submissions will all be refereed blind.

**Books, software and audio-visual material for review** should also be sent to the Editor: W. J. Alladin (see above for address).

**Business correspondence**, including orders and remittances relating to subscriptions, back numbers and offprints, should be addressed to the publisher: Carfax Publishing, Taylor & Francis Ltd, Customer Services Department, Rankine Road, Basingstoke, Hants RG24 8PR, UK.

**Advertising enquiries** should be addressed to Philip Law, Carfax Publishing, Taylor & Francis Ltd, PO Box 25, Abingdon, Oxfordshire OX14 3UE, UK.

The journal is published four times a year. These four issues constitute one volume. An annual index and title-page is bound in the fourth issue. ISSN 0951-5070.
